Dreams Really Do Come True

**Congrats Jori We are so Proud of YOU
for getting your pilots License!**

Joe Walan Jr. a founding partner in the Heaven's Landing Development, uncle of developer of Mike Ciochetti was taken from us far too soon. He inspired the love of flying in Mike by taking him on his first flight at just eight years old.

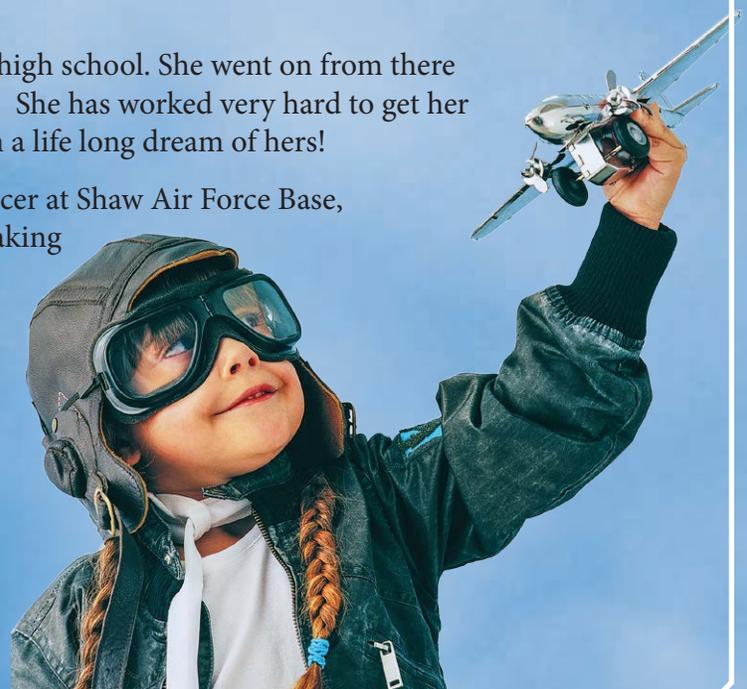

Joe Walan Jr also inspired the love of flying in his daughter, Jori.

"I remember flying with my dad ever since I could walk! Flying was always a weekend treat! We had picnics under the wings of this little rinky-dink 172 or had our "\$100 burger and milkshake" at airport diners :) He definitely inspired me to get into flying and is forever in my heart when I do so. Flying is definitely in our blood."

Joe tragically passed away just days before Jori graduated high school. She went on from there to Embry-Riddle and spent 4 years in the air force ROTC. She has worked very hard to get her pilot's license which is in honor of her father and has been a life long dream of hers!

Currently she is in the air force working as a Weather Officer at Shaw Air Force Base, forecasting for the Southwest Asian Theater. She started taking lessons at Sumter Municipal Airport about a year ago with instructor Bob Taylor. Jori achieved her pilot's license August 5, 2016. She has about 70 hours to date, and is still flying every other week."

Congrats Jori!

TOTAL ECLIPSE OF THE HEART

August 21, 2017

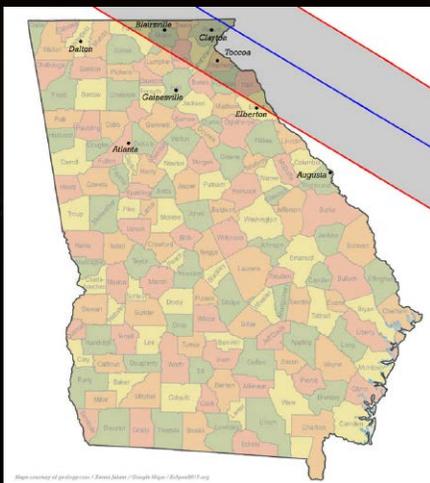

For the first time in 26 years, a total solar eclipse will occur in our great country, and we will play host to the world's eclipse chasers. For those of us who already live here, but have never seen an eclipse, this is the opportunity of a lifetime to see the most beautiful thing on the planet right here in NORTH GEORGIA!

Join us at Heavens Landing to see the TOTAL ECLIPSE from our vast open full view of the sky.

To see the eclipse from the Peach State, the centerline of the path just barely crosses the Northeastern corner of the state, and runs about 12 miles between the borders of TN and SC. Clayton (2m34s at 2:35:45pm) is a nice county seat close to the centerline, and will be a perfect location to view the eclipse. NOTE: You're not going to see it from Athens, Gainesville, Augusta, or Atlanta, these locations are not in the path of totality. If you want to stay within Georgia to see the eclipse, you will have to come to Heaven's Landing! Here you'll see 2m36s of totality of the eclipse.

We hope you will join us for an afternoon to remember. Call us for details on the TOTAL ECLIPSE OF THE HEART PARTY! 706-212- 0017

Meet Patricia Howell

Patricia Kyritsi Howell started herbal studies at sixteen, gathering herbs in Illinois and creating teas for her sometimes reluctant sisters! Later, when attending college at The Evergreen State College in Washington, she studied media but continued to create elixirs that gained popularity on campus! After navigating the world of audio engineering, she took interest in the culinary world as she worked at a bakery in Berkeley.

After attending the California School of Herbal Studies in 1989, she met Althea Northage Orr, founder of both the Chicago Center of Psychophysical Healing and the Chicago College of Healing Art. Together, they founded Living with Herbs Institute in Chicago, which was the first herbal training program in the city. In '93, that institute expanded its services to Atlanta! In 1993, Howell and Orr relocated the institute to the northeast Georgia mountains and became Botano Logos School of Herbal Studies.

Howell now serves as the director and primary instructor of the school, which is the only school in the state to offer its students in-depth herbal education. In 2000, Howell and her partner Robinette Kennedy founded Wild Crete Travel LLC, which leads culinary tours on Crete. Howell learned about Crete cuisine from her almost annual visits to Greece since '99, where her family holds a history of culinary talent in the country.

Howell often teaches Greek cooking classes and incorporates her love for natural herbs in her methods. In 2006, Howell published her book *Medicinal Plants of the Southern Appalachians*, widely studied as the primary source on regional native plant medicines. Howell continues to practice herbalism in Clayton, Georgia, and, among pat prestigious positions, currently serves as co-chair of the American Herbalists Guild and the co-founder of the Georgia Herbalists Guild while serving on the advisory board of the Ladies Homestead Gathering.

Patricia plans to do an informational nature hike here at Heaven's Landing. If this sounds like something you would be interested in please let us know! 706-212-0017!

WELCOME HOME TADD

The Ciochetti family and Heaven's Landing community are honored to welcome home Tadd Black from Deployment in Iraq! He is the son of Michelle and Steve Black, two of the founding partners of Heaven's Landing.

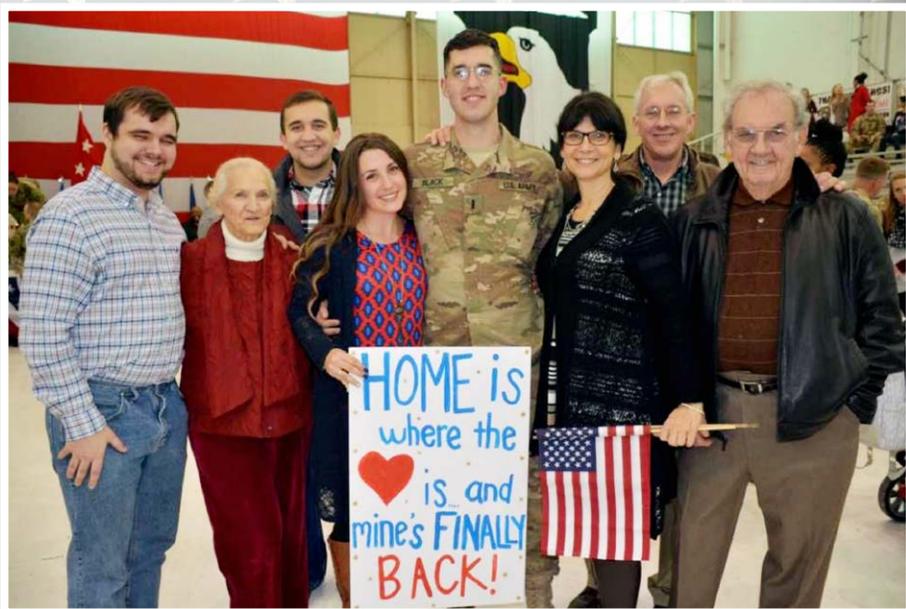

First Lieutenant Thaddeus "Tadd" Black

Tadd safely returned home to the United States on January 15, 2017 after a 9 month long deployment in Northern Iraq. Black is a first Lieutenant in the historic 101st Airborne Division.

During his time in Iraq, Tadd and the Battalion that he works with played a pivotal role in providing their partners with the tools and support necessary to carry on sustained combat operations. Through the 9 month tour, they participated in assisting both the Kurdish Peshmerga and the Iraqi Counter-Terrorism Services in multiple operations, culminating in the Operations to seize Mosul.

We are so glad to have Tadd back home again and proud of him and all he has done to serve our country!

THANK YOU FOR YOUR SERVICE TADD!

Meet Jeff Green

After 7 ½ years and just over 2000 hours of building the RV-8, Jeff Green was able to put the wings to the test! On December 2nd the N9941R received its Airworthiness Certificate with no squawks found. Jeff was able to complete the first flight in his recently completed RV-8 on December 10, 2016. The first flight went off without a hitch.

“The performance was amazing, I definitely had the RV grin!” Jeff says.

The features in this RV-8 include an IO-360-M1B 180hp engine with Hartzell constant speed propeller, Dynon Skyview avionics package, Garmin GTN650, PS Engineering intercom/com. This yields a 175kt, 8.5gal/hr IFR capable ride that’s a blast to fly.

Jeff cannot wait to get the Phase 1 test time flown off and get it painted. Thanks to all that encouraged and supported him along the way.
