Our Second Annual Airshow and Concert

Ever since the last chord faded out on the night of our first airshow and concert, we've been hearing "When are you going to do another?" Thanks to some hard work, a bit of luck, and your support, we were able to host another great evening of music and aerobatics at Heaven's Landing!

The Heaven's Landing community consists of owners from around the globe. We have those who live here full time, and those for whom Heaven's Landing is their "home away from home." Thanks to events like this, any physical distance that may exist between our owners never prevents us from getting together. It's clear that we are all part of one great family.

One of the challenges with an annual event is trying to "top" the year before, but when we started putting together our line up of performers, we were able to put away any concerns of comparison. We are blessed to have had some of aviation's greatest: Patty Wagstaff, Gary Ward, Clemens Kuhlig, Mark Nowosielski, and Skipper Hyle!

continued on next page...

The weather for the show could not have been better. The bright, sunny day turned the summer sky into the perfect backdrop of blue for all the amazing stunts. Our crowd's eyes followed every loop, twist, turn, and white trail of smoke throughout the heart-racing performance.

And as the sun went down, we all got to turn our eyes to the stage as the sisters Meredith and Claire McNair of [Flyte Three](#) and the Flying Musicians Association played some amazing tunes. There's something about sitting on quilts and camp chairs together, enjoying live music in the beautiful dusk, that is iconic "American Summer."

The intimate setting of the outdoor stage made the music even better. Meeting and talking with these talented musicians was a delight. Young Bella Ciochetti was especially smitten by the sweet sisters of Flyte Three (below). Bella has been listening to Flyte Three's latest album every day on her way to school. Her favorite song is "Silly Little Girl." Much to Bella's surprise Meredith and Claire called her up on stage and had her sing her favorite song with them! In a few years perhaps Nashville will be welcoming another young music star.

continued on next page...

When Mike and Holly Ciochetti first founded Heaven's Landing, hosting events like this felt like a faraway dream. Now, it's an incredible reality! Meeting performers and audience members from around the world, watching aerobatic stunts, hearing beautiful music, sharing laughs, making new friends—where else can you do all this but Heaven's Landing? It truly is "like no place on Earth"!

We want to say, from the bottom of our hearts, thank you to everyone who made this night possible. Thank you for helping us make so many great memories!

If you attended our concert and airshow, we'd love to hear your thoughts! We're always trying to improve on our events to give our community the best possible experience. Take our survey [here](#).

Safe travels until next time!

**Martin Mars Water Bomber, the Canadian Forces Snowbirds,
Desert Storm Aircraft 25 Years Later,
Tribute to WWI Aircraft, Live Music...
Endless Aviation Info and Entertainment!**

Every GA aircraft you can imagine on display, hundreds of knowledgeable vendors, delicious American food and drink, live bands like Third Eye Blind and Survivor, daily airshows...it sounds too good to be true, right? This is the annual [Oshkosh Airventure](#) sponsored by the Experimental Aircraft Association (EAA), and there's a reason hundreds of thousands of people attend each year, year after year. Whether it's an old WWI plane or the latest experimental, everyone can find something new to see!

Monday, July 25—Sunday, July 31

The massive grounds, the dozens of workshops, rows and rows of aircraft...you might be overwhelmed if it's your first time to Airventure, but don't worry. EAA provides tons of resources to help you [plan your visit](#) so you don't miss your must-sees!

[Highlights](#)

[Concerts](#)

[Flying In](#)

[Food & Concessions](#)

[Interactive Schedule of Events](#)

Martin Mars Water Bomber

Make sure to have your eyes on the airshow skies July 25, 27, 29, or 30, for the performance of this [record-breaking flying boat!](#) “There aren’t many airplanes that have never been to Oshkosh, but this is one of them, so this is both literally and figuratively a huge addition to this year’s lineup,” said Rick Larsen, EAA’s vice president of communities and member programs. Plus, the water bomber will be parked near the EAA Seaplane Base on Lake Winnebago, just a few miles east of the main fly-in grounds.

Canadian Forces Snowbirds

These legendary [Snowbirds](#) were in fact the first military aerial team to perform at Oshkosh, nearly 40 years ago, in the 1970s. Being Canadian, their schedule doesn’t often permit them to perform in the United States, so this is a rare and exciting opportunity! During the show, the pilots fly at speeds ranging from 110 to 465 mph and in formation with distances as close as 4 feet of wing overlap. See their “dress rehearsal” show on July 29, and their regular performances on July 30 and 31. Get pumped up with their video [here!](#)

Desert Storm Aircraft 25 Years Later

See famous fighter jets including the F-15 Eagle, F-16 Falcon, A-10 Wathog, and F-18 Hornet, plus support aircraft: the KC-135, EA-6B, and C-5M. The [commemoration](#) at Oshkosh this year will feature many of the aircraft that were highlighted at the 1991 EAA Fly-In Convention, which attracted many of the aircraft used during Operation Desert Storm. In addition, military commanders of that operation will recall their experiences during that multi-national operation, which began after Iraq’s 1990 invasion of Kuwait.

And of course, the Heaven’s Landing Angels!

Whether you’re a Heaven’s Landing owner attending Oshkosh for the 10th time, or a pilot who just learned about our airpark, we’d love to see you! Stop by Booth 2086 in Hangar B to meet our angels.

July is a Great Time for Georgia State Parks

We agree with columnist Dick Yarbrough's [article](#) in the *Coastal Courier*: "We can brag about our state parks"!

Rabun County boasts the highest in the state: [Black Rock Mountain Park](#), with an altitude of 3,640 feet. This wildflower-filled park has campsites, cottages, and picnic shelters to cater to any length of stay. Take a day hike to some of the 80-mile vistas, or set up a tent in one of the private walk-in sites.

If you only make one state park stop during your visit to North Georgia, make it [Tallulah Gorge](#)! Give your calves a workout by taking the hundreds of steps down to the gorge floor. Or take it easy with a quick hike to one of several gorgeous lookouts. Tallulah Gorge hosts many fun events all summer: guided hikes, bike rides, family canoeing, slacklining 101, to name a few. There's something for the most adventurous and the most timid!

Head to a State Park...or Step Out Your Front Door at Heaven's Landing!

Our beautiful wooded 635 acres at Heaven's Landing are surrounded by the 867,000 acres of the Chattahoochee-Oconee National Forest! We have miles of hiking trails for when you need to get outside but can't go too far from home. And you never know what sort of wildlife you might see in your own backyard. We saw this tiny baby deer hiding out in the grass and carried it to the woods where it happily ran off to meet it's mother.

One of the best ways to view the forest is from the air. Many of our pilot owners love to take recreational flights around the area. The green rolling foothills and the shining blue lakes make for great aerial views.

Lake Burton: Fireworks, State Parks, Boat Rentals—Endless Summer Fun!

There are countless reasons Lake Burton is one of our favorite summer spots. Swimming, boating, canoeing, hiking, enjoying food and drink on a beautiful patio...this lake has it all! And it's all only 4 miles from Heaven's Landing.

[Moccasin Creek State Park](#), located on the west side of the lake, is family friendly and accessible. Park your RV, rent a canoe, hike the trails, or reserve one of the 54 campsites.

For the summer essentials of lakeside dining and boat rentals, head to [LaPrade's Marina](#) (right). Their huge patio has both sun and shade, and their rentals range from family-friendly pontoons to thrilling speed boats.

For boat rentals and delicious summer fare like fresh sandwiches and huge ice cream cones, head to [Anchorage Boat Dock](#). Their eclectic style will bring you back to your childhood days on the water.

Did you miss the Lake Burton fireworks? Check out this incredible birds-eye view [video](#) of the show, a perspective that rivals being out in your boat enjoying the action! The only thing more beautiful than the fireworks in the sky are the hundreds of boats on the water, their lights reflecting off the surface in the night.

Heaven's Landing Concierge Services

Heaven's Landing Concierge Services is on call for our truly unique and mobile owners. The Heaven's Landing staff is pleased to provide clients with a vast array of services.

Please call the office at **706-212-0017** for pricing information and other consultations. Please note that due to offering a vast array of services to our owners, all requests for assistance will be billed at a pre-arranged fee.
