Seating is festival style, so bring your folding chairs, blankets, and all of your favorite friends to what promises to be Rabun County's most spectacular event of 2016.

Musical talent is being provided by the Flying Musicians Association and include Emmy Award Winner Vaughn Skow and rising sister duo Flyte Three. On the flying side of the show, we are extremely privileged and very proud to announce the addition of World Champion aerobatic pilot [Patty Wagstaff](#) to our lineup for the evening!

Patty will be just one of many aerial performers planning to cut up the sky prior to the start of our concert. More on the amazing career of Patty Wagstaff is included on the following page, but an amazing in-cockpit preview can be seen [HERE!](#)

A six-time member of the US Aerobatic Team, Patty Wagstaff has won the gold, silver and bronze medals in Olympic-level international aerobatic competition and is the first woman to win the title of US National Aerobatic champion and one of the few people to win it three times.

Patty one of the world's top airshow pilots, flies thrilling, low-level aerobatic demonstrations before millions of people each year.

Her breathtaking performances give airshow spectators a first-hand view of the precision and complexity of modern, unlimited hard-core aerobatics. Her smoothly aggressive style sets the standard for performers the world over.

Though she had never seen aerobatics before, a lifelong curiosity led her to attend her first Airshow in British Columbia in 1983, where she saw aerobatic pilots perform, and said to herself "I can do that!" By 1985, five years after gaining her pilot's license, she earned a spot on the US Aerobatic Team.

Having received many awards for her flying, she is particularly proud of receiving the Airshow industry's most prestigious award, the "Sword of Excellence," and the "Bill Barber Award for Showmanship."

Come see Patty and the rest of our incredible performers in the air and on stage Saturday, June 25 at 6 pm! It is sure to be a show that you will never forget!

Remembering Greg Connell

It is with deep regret that we say goodbye to a good friend and wonderful pilot, Greg Connell. Greg was killed in a plane crash at the DeKalb-Peachtree Airport on May 14 while performing an aerobatic routine with Gary Ward.

Says Greg's flight instructor Bob Smith of teaching Greg: "He had the psyche and desire to be one of a kind." We at Heaven's Landing were honored and excited to have Greg Connell perform last year at our inaugural airshow and concert, and were deeply saddened by the news of his accident.

Outside of Greg's large circle of family and friends, most knew Greg as an accomplished Aerobatic Airshow Pilot. However, those that knew him will be quick to tell you that Greg was way more than just a pilot who entertained hundreds of thousands in Airshows throughout the United States. Gary Ward probably said it best, "Greg was a true-blue American. He believed in the country. He believed in the principles this country were founded on and was a very patriotic individual."

Should you want to make a memorial contribution, Greg's family suggests the [Equine Rescue of Aiken](#) and [Hopeful Hounds, Inc.](#)

Greg, you will be missed!

Osprey Tours, Ice Cream, and Great Friends at the AOPA Fly-In!

The latest Fly-In of the Aircraft Owners and Pilots Association (AOPA) was close to home for us—Beaufort, North Carolina. Our dear friend First Lt. Anthony Beaupre is currently an Osprey pilot in the USMC. We met up with him at the Fly-In, and he gave us a private [tour of the cockpit](#) on the V-22 Osprey there on display! Later, he and Bella Ciochetti spent time together at the AOPA cookout.

The next AOPA Fly-In is Bremerton, Washington.

The ice cream social at the AOPA Fly In was sponsored by Heaven's Landing. We served over 300 Klondike bars and ice cream sandwiches, including a couple to some special AOPA guests! Looks like the only thing that pilots love more than our great angels is free ice cream! From right: Mark Baker (AOPA President), Angel Samantha Fugate, Mike Ciochetti (Heaven's Landing Owner/Developer), and Bruce Landsberg (AOPA).

Small World of Aviation

It is a very small world when it comes to the aviation community!

You never know who you will happen to run into. Mike Ciochetti recently met Steve Harvey from Little Big Shots at the Peachtree Dekalb Airport near Atlanta.

Suffice it to say that he didn't try to crown Mike Miss America!

Going Fast at Heaven's Landing!

When the wannaGOFAST racing event comes to Heaven's Landing, you know it's going to be a great time!

This year, we had an all-time Heaven's Landing speed record set by driver Murad Alzuraiki in his Lamborghini Gallardo (Twin Turbo). On Sunday, he went **221.02 mph**, amidst runs of 215, 218, and 219 mph!

Another favorite to see was Ben Vanhook with Van Drake Racing in his 2007 Jeep Cherokee SRT-8 (Turbo) going **180.28 mph**, amidst runs of 175, 177, and 178 mph!

WannaGOFAST is one of our favorite events to host at Heaven's Landing. We love bringing owners and guests together for this high speed extravaganza.
